Dr. Michael Bennington Begins Seeing Patients at Knox City Clinic on Nov 1

The family practice physician is the latest medical provider announced to the community by Knox County Hospital District in recent days.

KNOX CITY, Texas (Oct. 24, 2022) – Knox County Hospital District (KCHD) announces the addition of another medical provider to the community. Dr. Michael Bennington, a family practice physician, begins seeing patients on Nov. 1 at the Munday Clinic.

“We continually search for medical providers that can fill healthcare gaps in our community,” says Stephen Kuehler, CEO of KCHD. “Family physicians are always a great resource for any community, and I am glad we can bring professionals like Dr. Bennington to Knox County.”

Dr. Bennington provides preventative care for individuals of all ages. He delivers comprehensive healthcare through routine checkups, health-risk assessments, personalized consultation on maintaining a healthy lifestyle, and coordinates care with subspecialists.

As someone’s first source for healthcare, Dr. Bennington can see and treat patients of all ages – from infants and children to adults and seniors.

Dr. Bennington brings more than two decades of experience in medicine to Knox County. He received his Doctor of Medicine degree in 2000 from Texas Tech School of Medicine and has experience working in many communities across Tennessee, Alabama, Nevada, and Texas.

“I have had the privilege to practice medicine in many settings, including urgent and emergency care, across many communities,” Dr. Bennington explains. “My experience has brought me in contact with so many people from many backgrounds that allows me to deliver the care patients need with the dignity and respect they deserve.”

Outside of work, Dr. Bennington says that he enjoys golfing but admits that he is not very good at the sport. Additionally, he is an FAA-certified commercial pilot with instrument ratings in single-engine and multi-engine high-performance aircraft. Dr. Bennington was a FAA-certified flight instructor for over twenty years.

Appointments to see Dr. Bennington are now being scheduled at the Munday Clinic. For more information or to make an appointment, please call 940-422-5271.
